

Gutt Geschier

BORROWING INSTEAD OF BUYING

FOR CITIZENS

MORE CIRCULAR ECONOMY, LESS CO₂

WWW.GUTTGESCHIER.LU

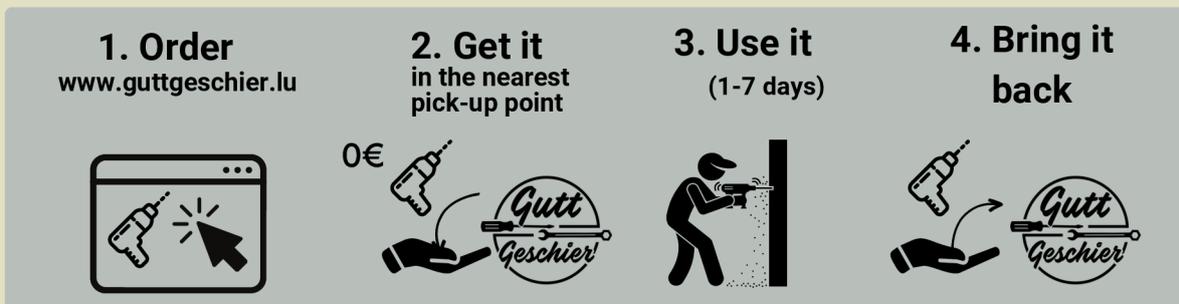

Borrowing instead of buying

The initiative **Gutt Geschier** lets you borrow gardening and DIY **tools** instead of buying them. As a result, all DIY enthusiasts can carry out their small projects at home without having to buy expensive tools that will only be used occasionally and may end up cluttering valuable storage space.

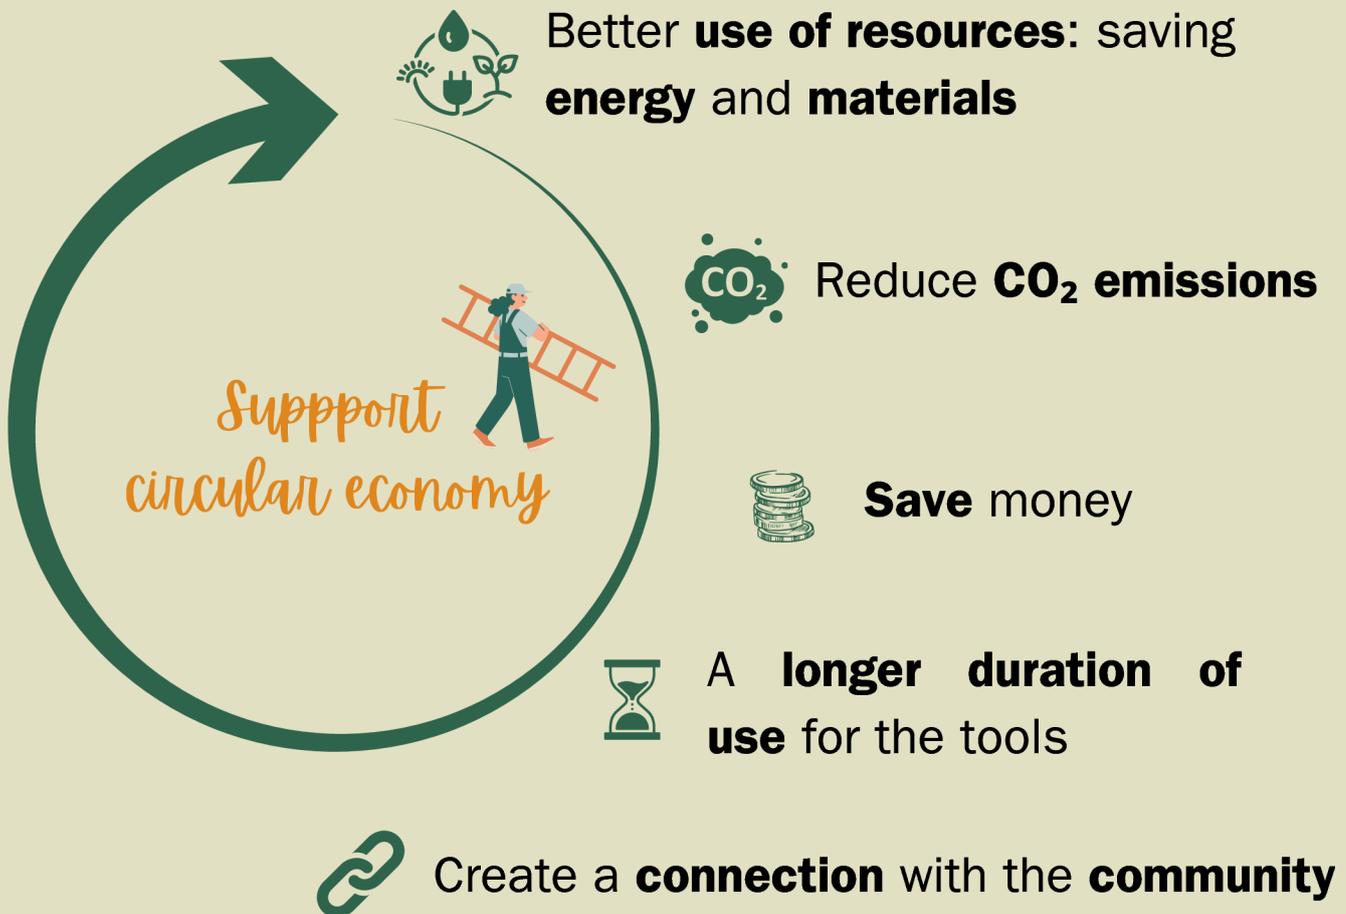

Through our website www.guttgeschier.lu, you can easily borrow tools to be picked up **for free** at **one of our points in Luxembourg**.

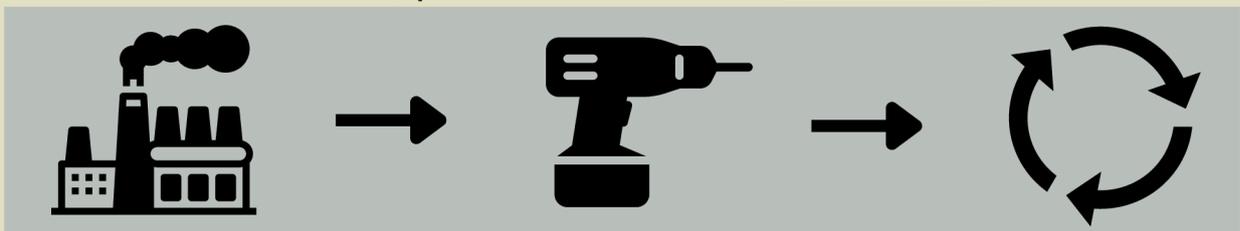

95% of the offered tools are **recovered** and given a **second life**, helping to **conserve** and **repurpose valuable resources**.

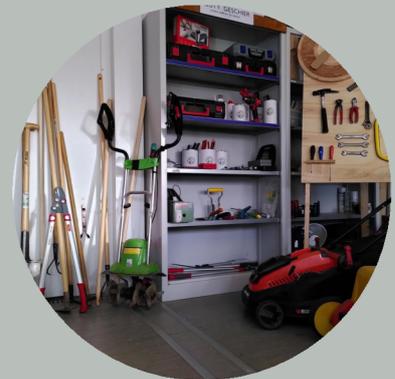

The initiative **raises awareness** among citizens about the **responsible use** of energy and resources. Gutt Geschier promotes a **sustainable** lifestyle and seeks to contribute to **changing consumption habits**.

Why Gutt Geschier?
